PROFESSIONAL SUMMARY

Final-year Bachelor of Technology in Computer Science. Known for strong teamwork skills and a commitment to delivering innovative solutions, with a proven ability to apply theoretical knowledge to practical challenges. I embrace challenges with enthusiasm and maintain a solution-oriented mindset.

SKILLS

- Java programming language
- Python programming language
- SQL
- Data Structures and Algorithms
- HTML,CSS,JavaScript
- Object-Oriented Programming
- ReactJS,NodeJS
- MongoDB,MySQL

PROJECTS

MERN Full Stack:
Created a thorough HR portal with the MERN (MongoDB, Express, React, Node.js) stack, offering a streamlined and effective HR administration solution.

Applied JWT-based authentication for secure user login and role-based access control, ensuring data privacy for both recruiters and applicants.

AIML Powered By Google Developers:
Carried out a disease prediction-focused Artificial Intelligence and Machine Learning (AIML) research, utilising sophisticated algorithms and data analysis to improve early detection and diagnosis.

• Developed and trained machine learning models on Disease prediction dataset using K-Nearest Neighbors (KNN), Random Forest, Decision Trees, and Support Vector Classifier (SVC) to predict the likelihood of diseases.

Yhills:
I actively participated in a variety of web development projects when I was an intern at Yhills, working with seasoned professionals to apply and advance my theoretical knowledge.

EDUCATION

Expected in 05/2025 **Bachelor of Technology**: **Computer Science With Blockchain Technology**
Vellore Institute Of Technology - Vellore, India
- My CGPA is 8.82

06/2021 **Intermediate**
Sri Chaitanya-Vellore,Tamil nadu,India
Secured 95.1% in my 12th grade

05/2019 **Schooling**
Kendriya Vidhyalaya School in Palanipet,Vellore,Tamil Nadu
Secured 9.5 CGPA in the 10th grade

CERTIFICATIONS

- MERN Full Stack
- AIML Powered By Google Developers
- Yhills
